

## Consultancy propositions

The focus of our activities lies on attending small and medium sized companies, as well as family enterprises, EPU, NPO, communes and co-operations.

The consultancy topics are

- **process of change**  
business formation, crisis situations, new strategic orientations, business transfer, success through business co-operations
- **researching , learning & training**  
Competence enlargement, qualification, development towards an active company, training, further education, development planning and research in economy fields
- **risk and crisis management**  
As-is analysis, (alternative) financial methods, conflict management, planning of secure strategies
- **Success through cooperation**  
architecture of co-operations and networks, (international) project partnerships, co-operations and projects, local, regional or international
- **sustainable and social responsible business leadership**  
management check, integral business leadership, developing strategies and the implement of sustainability reports, intern and extern communication, sustainable procurement and purchase
- **tenders, competitions, sponsorships**  
elaboration of EU applications, national projects, sponsoring consultancy, exploitation of activities

miraconsult supports enterprises and organizations in developing projects.

We are engaged as project affiliate, or take the project management.

- risk, crisis and catastrophe management
- benefit and capacity development in economy, society and sport
- fairness and ethics in economy, sport and in the communes
- factor of success and future potential 'environment'
- economy for ALL – giving chances, creating benefit from chances
- competition, funding, sponsorship

Our consultancy performance focuses on the axioms of sustainable and social accountable business leadership.

miraconsult e.U. is a registered single consultancy enterprise, founded in 1999 and located nearby Graz.
